VCN Series (SINGLE PHASE)

Model: VCN-SP

Category: Centrifugal Monoblock Pumps

Brand: Metro ProTools

SKU: PT-VCN-SP-1004

Overview

The VCN Series (SINGLE PHASE) Centrifugal Monoblock Pump is engineered to provide efficient and uninterrupted water pumping for homes, farms, gardens, commercial buildings, and light industrial applications. Built with a rugged cast iron body, dynamically balanced impeller, and high-quality copper winding, it ensures excellent hydraulic performance, low power consumption, and smooth operation. Its compact design, corrosion-resistant construction, and low maintenance requirements make it an ideal choice for continuous water transfer applications.

Key Specifications

Material: Heavy Duty Cast Iron

Unit of Measure: Piece

Minimum Order Quantity: 1 Unit

Warranty: 12 Months

Certifications: ISO 9001, CE Certified

Country of Origin: India

Key Features

- High-efficiency single-phase centrifugal monoblock pump
- Heavy-duty cast iron body for superior durability
- Premium quality copper winding for longer motor life
- Dynamically balanced impeller for vibration-free operation
- Low power consumption with maximum water discharge
- Totally Enclosed Fan Cooled (TEFC) motor
