## VOTCN / VOTCNA Series

Model: VOTCN / VOTCNA

Category: Open Well Submersible Pumps

Brand: Metro ProTools

SKU: PT-VOTCN-1006

### Overview

The VOTCN / VOTCNA Series Open Well Submersible Pumps are engineered to deliver reliable and efficient water pumping from open wells, canals, ponds, and storage reservoirs. Manufactured using premium-grade cast iron and stainless steel components, these pumps provide excellent hydraulic performance, corrosion resistance, and long service life. Equipped with a high-efficiency three-phase motor and dynamically balanced impeller, they ensure smooth, vibration-free operation even during continuous-duty applications.

### Key Specifications

Material: Cast Iron & Stainless Steel

Unit of Measure: Piece

Minimum Order Quantity: 1 Unit

Warranty: 12 Months

Certifications: ISO 9001, CE Certified

Country of Origin: India

### Key Features

- High-efficiency three-phase open well submersible pump
- Heavy-duty cast iron and stainless steel construction
- High water discharge with low power consumption
- Premium copper winding for enhanced motor life
- Water-cooled motor for efficient heat dissipation
- Corrosion-resistant components for longer durability
