Product Brochure

VOTRN / VOTRNA Series

Model: VOTRN / VOTRNA

Category: Open Well Submersible Pumps

Brand: Metro ProTools

SKU: PT-VOTRN-1007

Overview

The VOTRN / VOTRNA Series Open Well Submersible Pumps are built for heavy-duty water transfer applications where high discharge, energy efficiency, and reliability are essential. Featuring a rugged cast iron and stainless steel construction, premium copper winding, and a high-efficiency water-cooled motor, these pumps provide continuous, trouble-free performance even in demanding operating conditions. They are ideal for lifting water from open wells, rivers, canals, ponds, and storage reservoirs.

Key Specifications

Material: Cast Iron & Stainless Steel

Unit of Measure: Piece

Minimum Order Quantity: 1 Unit

Warranty: 12 Months

Certifications: ISO 9001, CE Certified

Country of Origin: India

Key Features

- High-capacity water discharge for demanding applications
- Heavy-duty cast iron and stainless steel construction
- High-efficiency three-phase motor
- Water-cooled motor for superior heat dissipation
- Premium copper winding for extended motor life
- Dynamically balanced impeller for smooth operation
