VOTSN / VOTSNA Series

Model: VOTSN / VOTSNA

Category: Open Well Submersible Pumps

Brand: Metro ProTools

SKU: PT-VOTSN-1008

Overview

The VOTSN / VOTSNA Series Open Well Submersible Pumps are engineered for continuous-duty water pumping from open wells, rivers, canals, ponds, and storage reservoirs. Equipped with a high-efficiency three-phase motor, premium copper winding, dynamically balanced impeller, and corrosion-resistant construction, these pumps provide high discharge, low power consumption, and dependable performance in demanding environments. They are commonly available in higher power ratings such as 3 HP, 5 HP, and 7.5 HP for heavy-duty applications.

Key Specifications

Material: Cast Iron & Stainless Steel

Unit of Measure: Piece

Minimum Order Quantity: 1 Unit

Warranty: 12 Months

Certifications: ISO 9001, CE Certified

Country of Origin: India

Key Features

- High discharge capacity for large-volume water transfer
- Heavy-duty cast iron and stainless steel construction
- High-efficiency three-phase motor
- Premium copper winding for longer motor life
- Water-cooled motor for efficient heat dissipation
- Low power consumption with maximum performance
